

GROUP SOLUTIONS 2018 CHAPEL SYLLABUS

Intro • Messiah in Isaiah!

Over the past few years, chapel has focused on a New Testament book: Ephesians, Acts, and Romans. It's time to take a trip back some 700 years earlier—to the Prophet Isaiah! We won't cover the whole book. We will only cover the key prophetic passages that look forward to Jesus and the Gospel.

Course work • JV or Varsity!

Students are at different abilities, with different workloads, and time constraints, so I am offering flexibility into our study: you can choose either the "JV" or the "Varsity" level of reading and homework. This isn't necessarily "Junior High" or "High School"—but rather, "choose the level you are able to commit to."

If you choose for your student to do the "Junior Varsity"—simply read the passage with my introductory comments, and then answer one or two short response questions. Then—finish with some family discussion and prayer about it!

For students who can do the "Varsity," I've included questions and cross references to go deeper into the text. I will provide *many* questions—do as much as your schedule allows!

The assignments and questions will be available at my personal blog • JeffAtchison.com. I will also provide PDF documents you can print out—or documents to edit if you want to work digitally. Note: we just upgrade to "pro"—so there are no awkward random adds to deal with, so it is family friendly.

I will *not* be grading or collecting homework as my schedule won't allow it. So, parents—it's up to you!

Chapel • Student Led!

At groups Chapel, I share another short devotional about the assigned passages—hopefully a new thought to take it one step deeper and closer to Jesus!

We will also be enjoying some worship together. I'd love to have the worship time be student led, but I am prepared to break out the guitar for the first few weeks if no one is stepping up yet.

Please contact me if your students want to lead our worship time! And feel free to contact me with any other questions or comments.
